Check out and follow **Public Enemy** on their very first embarkment upon the Euro-UK shores during the Def Jam tour of 1987. **Thatcher** was Prime Minister, **Nelson Mandela** was still in a South African prison, **Reagan** was US president, the **Wall** was still up and a **King** holiday was far away. PE stepped into this world with plenty to say, vintage interviews, and the incendiary performance.

Catch the **Rolling Stones** of rap as they begin their road to the world.
